to mimic wallpaper patterns

Drawing - portraits/Toys

Different pencils create darker thicker lines.

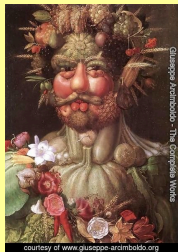

The lower the number (ie. 2) the thinner and harder the lead making a lighter mark.

The higher the number (ie. 8) the thicker and softer the pencils lead making a darker mark. Observe and show pattern and texture by using lines and dots.

Guiseppe Arcimboldo

Guiseppe Arcimboldo was an Italian artist born in 1527.

He is best known for creating portraits heads made from a variety of objects such as fruits and vegetables.

From a distance, his work looks like human portraits but as you get closer, each individual object overlaps to create a human portrait.

Wassily Kandinsky

Kandinsky is an abstract artist.

He was born in Moscow, Russia. He was inspired to paint by Monet.

One of his most famous paintings is called 'Squares with Concentric Circles'.

Piet Mondrian

Piet Mondrian is known for abstract painting made from squares and rectangles.

He was born in 1872 in The Netherlands. He used lines, angles, primary colours and black, white and

grey.

His most famous painting is called 'The Composition with Red, Blue and Yellow'.

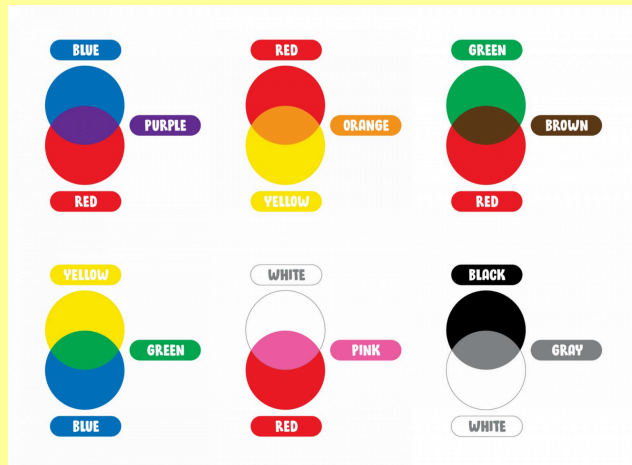

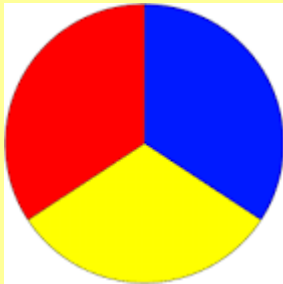

Art Knowledge Organiser
